

**IMPORTANT – READ THIS BEFORE SIGNING THE
AUTHORIZATION AGREEMENT FOR ELECTRONIC DEPOSITS FORM**

1. The payroll deposit authorized by the employee's signature on this form is accomplished by a process known as electronic funds transfer. It is covered by a number of Federal regulations designed to safeguard the integrity of the employee's account.
2. The funds deposited should be available to the employee for withdrawal by all regular means on the morning of the scheduled University payday.
3. The electronic funds transfer system requires an additional step known as pre-notification. Simply stated, this is a procedure whereby account numbers or types of accounts must be verified by the receiving financial institution before we will transmit direct deposit data to them. Therefore, new authorizations should be in the Payroll Department at least four weeks prior to the payroll the authorization is to take effect. If the authorization cannot be processed, Payroll will notify the employee, who will continue to receive a payroll check until the authorization can be processed.
4. The pre-notification process also dictates that if a change in financial institution or account number is made, the employee must be off direct deposit for a minimum of one pay period before the change will take effect. For the payday(s) the employee will receive a payroll check(s).
5. The University of South Carolina assumes no responsibility to issue a payroll check to any employee whose direct deposit could not be processed due to his/her account being closed, or any other reason, until the receiving financial institution has either refunded or guaranteed refund of such deposit to the University.
6. The second copy of the direct deposit form that is printed will serve as the employee's copy of the authorization form.
7. Cancellation of this authorization must be accomplished by written notification to the Payroll Department in sufficient time to allow the University and financial institution reasonable time to act on it.
8. Bank information on employees who have terminated employment for a period of one year will be deleted from the database. Upon re-employment these individuals must re-enroll if the direct deposit option is desired. This information deletion process does not apply to employees on sabbatical or approved leave without pay.
